

Basic Management Employee Relations (MER) Class, 14-18 Sep 09, APG, MD

Intended Audience: Human Resources Specialists responsible for providing management-employee relations advice and guidance to managers, supervisors or employees.

Course Description: Through lectures, case studies and practical exercises, this course introduces participants to the laws and regulations that provide the legal framework for Management-Employee Relations and the various federal agencies that have oversight and compliance authority related to this HR discipline. This 4.5-day course covers the major components of the Management-Employee Relations program and provides a solid knowledge foundation for Management-Employee Relations practitioners to build their expertise. This course covers topics to include the legal and regulatory framework of the law, discipline and adverse actions, leave management, performance management, disability and reasonable accommodations, grievances and appeals, and alternative dispute resolution.

CHRA TMD has limited funding for travel and per diem for Career Program 10 employees.

Criteria to apply in CHRTAS for the class:
